LIFE IS BETTER ACTIVE

## About the Kelly Brush Foundation

### - MISSION -

*To inspire and empower people with spinal cord injuries to lead active and engaged lives.*

### - ABOUT -

**An active lifestyle fuels a healthy body and mind, allowing us to be the most full version of ourselves.** For those who have experienced a spinal cord injury, being active can feel out of reach. The obstacles are real: physical, financial, and even the belief it is possible.

The Kelly Brush Foundation (KBF) is dedicated to making active lifestyles a reality. We offer the inspiration to believe and the grants to enable anyone with a spinal cord injury to buy the equipment they need to get out and go.

The KBF was founded by Kelly and her family after Kelly was injured in 2006 at an NCAA alpine ski race. Since our founding, we've been committed to ski racing safety and will continue to advocate and provide resources so every ski racer is training and competing on the safest possible venues.

### \$ RAISED

### Since 2006, we've awarded:

Over **830 adaptive sports equipment grants** in 47 states

Over **190 ski racing safety grants** to alpine ski clubs in every ski state with a ski program.
